Lisa Culligan, CRNP

Susan Holecz, CPNP

Mary Margaret Lang, CRNP

Services include:

- Sick and well-child care
- Immunizations
- School and sports physicals
- Chronic disease management, including treatment for asthma

Insurance/Referrals

KidsCare accepts most managed care plans and major insurances, including Pennsylvania Medical Assistance, and coordinates referrals to specialists when medically necessary. Many insurance plans require a prior written referral before the services of a specialist are engaged. Retroactive referrals for care already rendered may not be issued.
