

My Needs. Anticipated.

Dear St. Luke's Patient,

Perhaps in no other situation is the anticipation of your needs as important as when dealing with illness or injury — and that's what care at St. Luke's is all about.

Each year, 30,000 people are admitted to our Bethlehem hospital; 67,000 more seek lifesaving care at our emergency room, and close to 500,000 area residents are treated by a physician or nurse employed by St. Luke's. Our Bethlehem and Allentown campuses also have the special privilege and joy of welcoming close to 5,000 babies into the world.

In order to meet our region's growing need for medical care and to ensure that our patients have access to the most advanced treatments possible, St. Luke's continually seeks ways to improve and enhance our health care services — which is why St. Luke's relies on the generous support of those who live and work in our community.

We would like to invite you, as a recent recipient of our services, to be a partner in our efforts to restore and maintain the health of our patients by making a donation to the **St. Luke's Grateful Patient Fund**. When making your gift, we hope you will consider recognizing a special nurse, doctor, volunteer, an entire department or someone else who went the extra mile during your stay with us. Large or small, your gift will be a great encouragement to our staff — professionals who work tirelessly to provide the best care possible for all of our patients.

All donations to St. Luke's, a not-for-profit organization, are tax deductible and will be used to benefit your community hospital. Thank you in advance for your generous support.

Sincerely,

Patrick Bower
Vice President, Development
